Lies and Injustice

Chapter 1

God's Spiritual Laws Revealed

Question: Americans are frustrated, and many are praying continuous prayers for truth to come out and for injustice to stop. Where is God in all of this and will we as a people ever get justice in this Country?

I have had a desire to write this book for several months, since around the middle of 2023. I have let its message incubate in my heart over a long period of time. I also meditated on many scriptures that are now in this book as I write it in early 2024. The message in this book is based on the Bible. The backdrop is the current state of the political scene in America. It is a massive teaching opportunity for a Bible teacher to lay out truth and then show the reader how that truth is kept by some and violated by others as seen on our news, and online, and daily in our lives. There is a predictive nature in this book which can reveal from the Bible some of the outcomes of the questionable and frustrating events we are seeing played out in our Nation.

Before we get into the meat of Lies and Injustice, I need to lay a foundation of how God runs Heaven and the Earth. Truth is a broad and many faceted word. Included in the truth of God are many, many spiritual laws. These are more specific truths. I am not talking about the 10 Commandments. Those are the Law of Moses and were meant by God to be kept by the His chosen people, the Israelites. They are also basic principles to live by and for all people everywhere to follow to lead a righteous and moral life, but the law of Moses has been dealt with by God for New Covenant believers who now, instead, follow the law of love as led by God's Holy Spirit. The law of love fulfills all the 10 Commandments. Notice that I called love a law? It is one of God's biggest, and in actuality, may be *the* biggest and the greatest of all the spiritual laws. The spiritual laws I am referring to could also be called spiritual principles, which mirror natural principles, which are easier to comprehend and witness. Gravity is a law of nature. Let's see how it relates here.

Gravity always does the exact same thing. When something falls, it hits the surface hard. Things always fall in our earth's atmosphere where God made gravity and made a physical law out of it. Gravity can be very deadly. If someone dies from gravity, did God kill them? No, the person, through a possible lack of wisdom, found him or herself in violation of the law of gravity. God can be let off the hook in most people's minds, for most things that He has often been blamed for because we know that He is Love. Some natural laws, like gravity, cannot, be violated as well as many spiritual laws or principles of God.

Gravity can be predicted and planned for and even calculated into complex scientific formulas as something is built, invented, or developed. NASA understands and uses gravity in their processes every day. I went over gravity so that you can now understand better God's spiritual laws. Spiritual laws also always do the same thing. They always have the same effect when a cause is introduced. We can count on these spiritual laws like scientists count on gravity. We can plan for them and add them to our plans and goals and calculations. God introduced these spiritual laws into Creation at the same time He created the natural laws like gravity. Like gravity, spiritual laws can be quite deadly, or a person can be highly blessed and helped by them. But to walk in them and benefit from them, you must first know them and then understand them.

Spiritual laws are also called Heaven's laws. God rules the earth from Heaven through these laws often without having to lift a finger to do anything. Jesus called these laws mysteries. *"He answered and said to them, because it has been given to you to know the mysteries of the Kingdom of Heaven, but to them it has not been given."* Matthew 13:11 Heaven is a Kingdom, and Jesus is the Lord of it. Jesus is also the Lord over the whole earth through what we call, "the Kingdom of God." To me, the Kingdom of Heaven is part of and within the Kingdom of God. God is bigger than Heaven which is where He lives. Jesus is God. *"The Lord has established His throne in Heaven, and His Kingdom rules over all."* Psalm 103:19 Jesus rules the earth through the Kingdom of God. He told people once, "My Kingdom is not of this world." But that did not mean that His Father wasn't in charge of and affecting this world through His spiritual laws which are accessed through the Kingdom of God. Now, since

Jesus returned to Heaven, He is over the whole Kingdom of God. That was His inheritance. Later in this book, I will show you who else inherited the Kingdom of God.

In nature, we see that God created everything to reproduce itself. This is an example of God's efficiency. A major truth of God's word is that in the Kingdom of Heaven, there are hundreds, even thousands of spiritual laws that pertain to mankind. I am sure there are also Heaven's laws which rule over the angels and other Heavenly beings. The Kingdom of God rules over the earth, through God's Heavenly spiritual laws, and there are conditions to be met to activate or engage each spiritual law. This again is an example of the Masterful efficiency of our Creator. In many cases, God does not have to judge a person, or even lower the boom on them personally, because if a person breaks a spiritual law and continues to do so, then the spiritual law will deal with this person over time. Notice I said, "over time," because God is quite merciful.

Many of these people have no belief in God; therefore, they have no fear of God, and they have no knowledge of the spiritual laws and how dangerous it is to be on the wrong side of them. Notice in a verse I quoted previously in Matthew 13:11, that Jesus said the mysteries (understanding of laws) were only given to His followers. But to them, they are not given. Who are the "them?" The answer is it is anyone not yet a child of God, or not yet aligned with God, or not putting their faith in God, and particularly, God's Son, Jesus Christ. This group has no knowledge or understanding of spiritual laws. At the last Democratic Convention, God was mentioned, and people booed what was said. Do you suppose God was watching that? I assure you that He was. Was He angry? No, He loves them. God being booed by people is only an outer symptom of their hearts, and no doubt, these people are breaking many spiritual laws. God gives people many, many, many chances to repent. I am carefully laying the groundwork of understanding so you can see what happens to God's enemies that He loves if they do not turn from their wicked ways. The movie versions of God sending a bolt of lightning at a person is very inaccurate. God is not a killer, but more on that later. Let me continue.

We have a justice system in America that is prosecuting innocents and releasing criminals guilty of felonies. This tells me that the people in authority

are abusing their power and are acting independently from our legal system and making it up as they go; they are devoid of all wisdom and are acting like fools. “Fools” is God’s word, and it is found all through the Bible, especially in Proverbs. My very title to this book, Lies and Injustice, tells a secret here. These prosecutors, certain politicians, and FBI investigators, and other people who are proving to be fools, have believed a lie from Satan, who is the father of all false narratives. (lies) Wisdom has eluded them, and many of them believe that they are doing good while really, they are committing evil and going against all that is good and decent. What lies is Satan telling them? Possibly that the agenda and plan they have for our society is more important than doing the right thing, or what is good and decent. What agenda or plan might that be? Possibly, to destroy our decent and Godly Nation and create chaos, and out of the ashes, the masses will call for help and the left will answer with some Utopian solution like the Great Reset, Communism, Socialism, and more. But these will require Totalitarianism, Tyranny, and Dictatorship to enforce. It would be a system built on Satan and lies, and injustice, and absolute evil and persecution and hatred and eventual murder of any people who have dissenting voices. Might past decades of abortion be the Satanic sacrifice and the Hellish seed sown that is to form the foundational building blocks to this future society and government that they have for us? Why would I say “eventual murder?” Because regimes of the past who built on these same philosophies usually ended up murdering thousands, or millions.

Right here I want to bring up President #45, Donald J. Trump. No person has ever been a bigger subject of lies and injustice in this nation than this man. Most people would have cracked under the pressure of what the leftists have put this man through. In Chapter 3, I explain what I believe is the reason why he has stood supernaturally strong. It will be helpful to you as you learn it for when you face persecution and attack at the hands of people. Let me just say right now that I believe that Donald J Trump was sent from God for His purposes and His will. Trump’s abilities, his magnificent job that he did in his previous 4 years, and the stability under pressure he now shows is all God’s grace. Yes, he is tough, and that goes back in his life decades, but I submit to you that God has been preparing him since birth for this destiny.

President Trump is a descendant of Godly people who were praying and doing God's will back in the Scottish revival. He treasures a Bible right now in his life that was handed down to him through his ancestors. Yes, #45 DJT will surface a number of times in the pages of this book, because there are so many lessons we can learn from the Spirit of God through #45's life and experiences. In the Appendix, we will discuss intercession for this man and for America.

There is hope for those of us who are praying for America. As we embrace and understand spiritual law from God's Word, we can stand in prayer and faith and with the knowledge that God has more solutions than we previously understood or knew about. God has ways, and Scripture says that He will not be mocked and there is a day of reckoning here in the earth to those who try to mock Him and manufacture lies and injustice continuously.

***** Chapter 1 - Comments from the Author: *****

This book is not for the use of beating any non-Christian person over the head with words found in it. God is Love. We must react in love to the understanding and revelation shared in this book. God's enemies in our Nation who are in violation of spiritual law must receive God's compassion from we believers. You do not want to cross the line and be found in a violation of spiritual law yourself.

“Do not rejoice when your enemy falls, and do not let your heart be glad when he stumbles; lest the Lord see it, and it displease Him, and He turn away His wrath from him.” Proverbs 24:17-18

This verse is also a spiritual law. We win by speaking and sharing God's truth, His goodness, and His love. We speak the truth in love. We can win them to Christ, if, we are merciful. The Scriptures found here indicate that many of them are heading for some sort of destruction. We will not laugh, cheer, or rejoice when that happens. We are ambassadors of Christ to the world, and we must act like it. The eternal salvation of ALL people must be uppermost on our minds. We can have OUR deliverance through THEIR deliverance. We operate “from: victory, not “to” it. Glory to God.
