

## Chapter 3

### President # 45

Question: Has there ever been a bigger public persecution of any politician or even any person in America than what President Donald Trump has endured?

I am sharing in this book about our current political scene and how spiritual law is applicable to it. This should be good news to believers in Christ. An example of the evidence of spiritual laws in the Word of God is found in the Book of Job. God was speaking with Job and asking him questions about how powerful God is. God was making the point that Job cannot do anything that God has done. This question was asked by God: ***“Do you know the ordinances of the heavens? Can you set their dominion over the earth?”*** Job 38:33 God is saying that He alone had done that, and no one else would even be capable of such a thing. This is great understanding for us right here in Job. Another word for ordinances is laws. These ordinances are set in the heavens. They are the laws of Heaven and of the Kingdom of God. They are God’s and they are His Word which is eternal. God put these laws in dominion over the earth. We are all subject to them. ***“The Lord has established His throne in Heaven, and His Kingdom rules over all.”*** Psalm 103:19 These laws have absolute dominion over everything, and they rule all. These laws also have something to say about the dominion that God has given man and God’s spiritual laws work closely with man in that dominion. Wise men and women of God harness and utilize the spiritual laws to get the will of God done in the earth.

The woman with the issue of blood literally snuck up on Jesus and touched His garment. She got healed. He said, “who touched me?” Her healing was not based on what He said, or did, it was based on what she said, and did. She had said, “If I can touch His garment, I will be made whole.” This was faith. But it was much more than faith, for she harnessed spiritual laws that govern healing and spiritual laws that govern confession. (Mark 11:23) This account is found in Mark 5:27-34. The spiritual laws were designed to operate and bring to pass the Word of God for or against people who put faith in or act on the Word of God or who defy God’s Word. The woman threw a switch of Heaven and that switch turned on Jesus’ power without His knowledge or permission. He was, however, quite pleased that it happened. People today do not understand why, when they pray, sometimes they do not receive healing. But there are spiritual laws of healing, and Jesus said

that the mysteries of the Kingdom of God have been given to us. The Holy Spirit is on hand to work for and in us when faith is applied, and spiritual law is met by a person. God will teach spiritual laws to anyone who desires wisdom from Him and desires to study God's mysteries.

This President #45 is loved by millions of people, and they respect him, and they are loyal to him. Former President Donald Trump showed a huge Biblical and Godly quality to the Nation, or at least to those who were not busy hating him and the people who were not led away by false narratives from the mainstream media. In God's eyes, and biblically, and in considering spiritual law, how would a man come on the scene, serve the Country for a few years, and win the loyalty of the conservative half of the American people? It's a simple answer. He was loyal to us. He was loyal to all Americans on the left *and* the right. God says that a man will reap what he sows. That is a tight spiritual law with God. Sow good and reap good. Sow evil and reap evil back. We saw Biden come into office, and on the first day in office, recklessly start slashing policies with his pen and signing executive orders that killed pipelines, slowed down oil production, and set inflation running rampant. He was sending a message, however foolish and stupid it was, that Trump's good work would be abolished at all costs. He was so proud of it that his administration televised his signing of all those orders. He was so deliberate about destroying Trump's legacy without seemingly ever wondering what the outcome of his choices would be. And as he was sowing his wicked deeds with each stroke of the pen, he was sowing seeds of disloyalty to the American people with all of America watching. Do you see the spiritual law at work? Just look at his approval rating. This unfaithful man was the bribe taker of our previous chapter who sold out the American people.

On the other hand, #45 was continuously doing things to help the people of America win; all the people, all political parties, every person. Corporations returned their bases of operation to the USA when #45 came into power. The economy came into view, and it was improving. Even the tariffs on China and the rebukes by him to NATO to pay their fair share was an act of loyalty to the American people. And he talked about the people all the time, expressing his love and concern for us all! He sacrificed himself to do this. It is a known fact that his

billions dwindled while in office. It is a known fact that he donated his Presidential checks to charities and organizations and good causes. People knew it, and God knew it. #45 reaped loyalty back. He made some mistakes, but loyalty forgives mistakes. That is spiritual law. We know he gets in trouble with his words and possesses, like many people, a strong ego. But #45 also has a huge heart. He has the makings of a statesman of heroic stature like one of the founding fathers. How will history remember this man? I think very kindly.

Then, there is what he endured for the people. For the enemies of God have come out against this man with wrath and anger and persecution that is bigger than any in our history as a Nation. No man has endured more than #45, and he still wants to do it; he wants to continue to take the punishment and serve “we the people”. This is what is so remarkable. He *still* is willing to bear pain for this Nation.

#45’s platform is a good and decent one. He wants to wall in our Nation to protect its borders and its sovereignty. That is a biblical concept and is in great alignment with God’s spiritual laws. He is against abortion. That is also in alignment with spiritual law found in the Bible, which is the value of every life, in the womb or outside of it. #45 built up the military to project strength and might and gave our Nation peace through strength. Biden’s Administration has decimated our military with mandatory injections, woke philosophy, and pursuing imaginary white supremacists in the military. This is not Godly or the way to bring strength to America and thereby sow peace in the world. Identity politics is evil and sow’s discord. God hates certain things:

***“A False witness who speaks lies, and one who sows discord among brethren.”*** Proverbs 6:19

I cannot cover in this book all the things that are currently corrupt in this Nation. I think you are getting the point. For I want this book to have a focus on God, His Word, His spiritual laws, His principles and mysteries, as well as the righteous and decent people who follow the One True God, and why we can trust God our Creator Who set in place the laws that will deliver us. As I use a Biblical focus, at the same time, I want to be true to the title and use the Word of God to expose the “lies and injustice” in this Nation.

The word “injustice” means, “lack of fairness or justice,” or, “an unjust act or occurrence.” (<https://languages.oup.com/google-dictionary-en/>)

Blind Lady Justice is not so blind in these recent times in the USA. The Federal DOJ (Department of Justice) and the FBI and other agencies are quite embarrassing to most Americans. The DOJ let the statute of limitations run out for a crime on Hunter Biden, President Biden's son, having the data for years before acting and then only acting when they had to because of the bad optics of going after Donald Trump. The following verse sums it up.

***“It is not good to show partiality to the wicked, or to overthrow the righteous in judgement.”*** Proverbs 18:5

Donald Trump keeps getting tried in the court of public opinion because of government leakers and in the fact that the January 6 committee tried him publicly on national television without a defense opportunity for the accused and aired all evidence that they supposedly had against him. And when it was all over, they destroyed much of the evidence. Many in government and the media and many of the Nation's citizens made up their minds against Donald Trump, based on that kangaroo court! The whole of the January 6 proceedings was unconstitutional with no fairness anywhere found in them.

***“He who answers a matter before he hears it, it is folly and shame to him.”*** Proverbs 18:13

God is clear that justice always has two sides and always has at least two witnesses. That is, 2 witnesses being heard from each side.

***The first one to plead his cause seems right, until his neighbor comes and examines him.”*** Proverbs 18:17

The Jan 6 Committee presented their one-sided case and then closed the proceedings. They violated this last verse and spiritual law. Someone must examine people who present first to make it two sided and fair, and proceedings where one side is stifled is wrong, it is unjust, and it is against spiritual law from God. The “J-6” committee gave no such opportunity for a defense.

Then, you have the “pile on” effect. When prosecutors, from different states, a federal special counsel, and a civil action from a state all decided to pile on at once with various supposed crimes that would not be a concern without an approaching election year. It is obvious to all that a witch hunt is going on, and the attacking side is overplaying their hand, and the situation has gone political and

the whole process of political persecution smells of collusion and conspiracy. All these clowns in government were potentially taking orders from somewhere or at least being urged and encouraged and orchestrated to pursue these indictments.

***“Everyone who is proud in heart is an abomination to the Lord; though they join forces, none will go unpunished.”*** Proverbs 16:5

Your author here did not say this, God said it. You know, the Creator, the Supreme Being that we all must answer to. They will not go unpunished. Joining forces against #45 violates his presidential immunity, his rights, and the Constitution of the United States, and it attacks we the people and smacks down our Republic and democratic government and the principle of free elections.

All of Trump’s prosecuting persecutors should have taken a step back, and looked at the optics, and maybe put themselves in his place for a moment in their thinking, and wonder how it would feel if many other people were out looking for crimes on *them* with which to indict and convict them, after first deciding that they must be guilty. They all had him guilty before they decided what to charge him with. It was the same with the two Impeachments which they lost, and he prevailed in. The last verse that says, “none will go unpunished,” does not look good for them at all. Right now, knowing spiritual law, I would rather be Trump than any of them. If they got suddenly wise, in God, they would probably drop all their cases very fast, rather than later be held accountable by the American people and by God. Imagine them being on record as professionals in their legal craft, having ditched the Constitution and stepped on someone’s rights under it so gleefully and excitedly. I see a future accountability against most of them in this whole situation.

God will not be mocked. To violate spiritual laws and think that there are no consequences is folly. I want to review spiritual law again here. That is because understanding gives us hope. It shows us that God is at work behind the scenes through His spiritual laws. I am not saying that we do not need to pray. Believers praying God’s will to be done is ever so important. That is a requirement and a spiritual law of God. We are called to do it. But spiritual laws also help to keep evil in check. We already looked at gravity as a natural law in a previous chapter. Now, let’s talk about another natural law. The law of lift. Airplanes would not fly without this natural law. God created it during Creation. If ancient Biblical man had built an

airplane, and had had the knowledge to do so, it would have flown. The law of lift did not begin when it was discovered by more modern men. It was always there.

Spiritual law has always been here. I believe that natural laws were created with the Creation of Genesis. But spiritual laws were only introduced to mankind but existed with God from eternity. The spiritual laws are a look into God's mind. God thinks along the lines of justice; therefore, spiritual laws are inclined to promote justice and to buffet injustice. People were given a total listing manual of spiritual laws, the Bible, and the spiritual laws are found all through the Bible, hidden from the devil and God's enemies, but are searchable and findable by His people, His followers, and His believers.

I know more about spiritual law than I did one year ago, and next year, I will know even more about it. This book is an insight into these laws and how they will help the righteous but resist and eventually destroy the wicked if there is no repentance from them towards God. The spiritual laws of God govern the Universe, and if you work with them and utilize them as God intended, they will work for you. But if you work against God's spiritual laws, then they work against you. I believe that those that love America and love God and want to do what is right in this nation are on a good track with God's spiritual laws. I believe that those trying to bring chaos and tear this country down so that they can rebuild it to a Communistic Utopia that can never exist are against God's spiritual laws, and we should pray for them, as that is what God would have us do. We can also use God's spiritual laws to have success in righting our country, and in bringing all the corrupt people to justice. Yes, you got it, the spiritual laws are sitting there waiting for us to use them in our Godly fight. Miracle power is available through God's spiritual laws.

Let me show you the power of spiritual law. God picked Donald Trump to lead our nation, and God anointed him to do the job. Then, we saw him attacked from all sides. It seems that the more Donald Trump is attacked, the stronger he gets. That was during his Presidency. Now, in this season, he has been attacked 10 times as much, and now in court with legal issues and multiple indictments. Someone jokingly said that #45 feeds on negative energy aimed at him and converts it into power, like a superhero with a special power. I cannot really agree with that

explanation, but I do have a God explanation from a verse and an applicable spiritual law.

First let me share here that President Donald Trump has done more for the Church of Jesus than any other President and is a defender of the faith which he himself shares. No wonder Satan and his minions all hate Donald Trump. Jesus said, **"A disciple is not above his teacher, nor a servant above his master. It is enough for a disciple that he be like his teacher, and a servant like his master. If they have called the master of the house Beelzebub, how much more will they call those of his household! Therefore, do not fear them."** Matthew 10:24-25

Jesus prophesied that they would say and do wicked things to those of God's household and those who publicly support, promote or defend their Master Jesus.

Now let's see the spiritual law that shows where #45 is getting his supernatural strength.

**"If you are reproached for the name of Christ, blessed are you, for the Spirit of glory and of God rests upon you. On their part He is blasphemed, but on your part He is glorified."** 1 Peter 4:14 KJV

Notice this says the Spirit of glory rests on Donald Trump. This is the only place in scripture where God's Holy Spirit is called the Spirit of glory. I believe that this title is in relation to the Holy Spirit's role in dispensing and manifesting the glory of God on man. Jesus said, in John 17:22, **"I have given them my glory..."** That means all born again believers have Jesus' glory inside of them. But then at times, a special Spirit of glory comes over a person and they become entrenched in this magnificent blessing from God. According to the verse, his critics are blaspheming Christ, but on #45's part, God is receiving glory through #45's reaction to the attack, and his resiliency in it. Therefore God pours out supernatural glory for the persecuted to stand strong in the face of enemies and trials.

In Hebrews 11:24-26, it says that Moses by faith... esteemed the reproach of Christ to be greater riches than the treasures of Egypt. That means that according to spiritual law, the Spirit of glory and of God rested on Moses. Now note what happened to Moses in Deuteronomy 34:7; his eyes were not dim, and his natural vigor was not abated. And this was at 120 years old. So, we can see why Donald Trump, at only 77 years old, his natural vigor, strength, and vibrancy is intact, and

it is supernatural, and it is a God thing, and it is meant to glorify God. As the author, I suggest that this visible sign from God in #45 will not be the only sign from God that we see in and around this servant of God.

\*\*\*\*\* Chapter 3 Comments from the Author: \*\*\*\*\*

Many of the former President's detractors believe that what they are doing is right and correct, even in God's eyes. But that is because of spiritual deception from Satan that started years ago when Donald Trump decided to run for office. He was okay with most people until he jumped into the race and revealed his platform of blessing, restoration of America, building people up, elevating the people back into the rightful power that they were intended to have by the founders, saying Merry Christmas again, bringing Jesus Christ back into our Nation, financial integrity, being a blessing to Israel, supporting the Christian Church when the prior President seemed to favor Muslims, and most of all, telling the truth about Washington DC corruption. That put him in a position just like Jesus was in with the Pharisees and religious leaders of His day. Those people plotted Jesus' death from His first miracle. Satan was afoot, deceiving and sowing lies. That has gone on now in this day with #45. Jesus finally said, "Father, forgive them, for they know not what they do." He said that from the Cross. We believers need to take this posture of Christ in forgiveness and compassion even if we are suffering at their hands. It is spiritual evil that is our true attackers and our true enemies. It is not flesh and blood people. Let's obey God in this. Any spiritual laws and statements in my text must bow to this merciful thinking in our hearts and God's Divine Love. He put that love in us, let's use it.
